

# TURF MAINTENANCE BRUSH

The Sacema Turf Maintenance Brush is a specific product whose function is to gently lift and redistribute the topdressing load on artificial turf. The effectiveness of the brushes' work arranges each synthetic blade to obtain a more realistic and attractive finish of the synthetic turf, achieving a level and uniform finish.

## Measures

Model	Sweep width	Weight
CA-1200	1200 mm	55 kg
CA-1800	1800 mm	78 kg
CA-2400	2400 mm	90 kg

See the update  
of the Turf  
Maintenance Brush
